Professional Experience

Technical Writer II

Jamf | Remote | December 2024–Present

- Create and maintain technical documentation, release notes, and customer communications for Jamf School and Jamf Protect
- Collaborate with subject matter experts (SMEs) across engineering, product management, and customer success to ensure technical content is accurate and meets the needs of a global target audience
- Partner with user experience (UX) designers to review and revise microcopy for new product features
- Provide guidance to technical writers and developers on authoring API reference documentation
- Adhere to company and team style guides when creating, reviewing, and updating content

Technical Writer

Dataminr (formerly ThreatConnect) | Remote | March 2021–December 2024

- Created and maintained knowledge base articles, integration guides, deployment documentation, and release notes for the ThreatConnect platform and API
- Collaborated with SMEs to deliver documentation and release notes for monthly product releases
- Reviewed customer and stakeholder feedback to identify and address knowledge gaps in documentation
- Routinely audited existing documentation to ensure existing documentation accurately reflected platform functionality and UI

IT Communications Specialist

Duquesne University | Pittsburgh, PA | September 2018–March 2021

- Created, reviewed, and edited internal and external support articles and video tutorials
- Created graphics and written content for training materials, web and social channels, and marketing events
- Developed, managed, and executed strategic communication plans supporting IT projects and initiatives
- Managed and improved the department website's usability, design, and content

Help Desk Consultant

Duquesne University | Pittsburgh, PA | August 2013–September 2018

- Provided technical support to customers via telephone, email, and face-to-face contact
- Created customer-facing documentation and support articles for tier-one technical issues
- Provided application support for the university's email list service used for mass communications
- Routinely reviewed the department's website for accuracy of information, grammar, and usability
